Thank you for emailing me your comments on the draft UIC Dewey-Burdock permitting actions. I have added your email to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA activities related to these proposed actions.

Thank you!

Valois

Subject: Comment on Dewey-Burdock Class III and V Injection Wells

I voice strong opposition to this uranium mining project. As a private landowner I incur extra expense to comply with strict septic regulations that protect our water sources in the Black Hills. Our homeowners association encourages water conservation for the longevity of our well source. But I understand the premise - clean water is that vital - and such a basic right. And all this effort by state and local governments to protect water sources could be negated quickly and tragically if the federal government permits PowerTech to proceed with this project. Please don't allow it to proceed. Thank you for the opportunity to comment.
